

Houston Service Center

Center of Excellence for Centrifugal Rebuilds

As part of our global aftermarket network, the Ingersoll Rand Houston Service Center has the experience, personnel and technology to provide service and repair of centrifugal compressors.

Centrifugal Compressor Products and Services

Featuring a dedicated in-house repair team, our Houston Service Center has the capability to provide improved turnaround on large projects without sacrificing customer service or satisfaction. We service Ingersoll Rand centrifugal compression technologies, former Cameron, Cooper Compression & Turbocompressor as well as Joy branded products.

With more than 60 years of experience in the centrifugal compression aftermarket, Ingersoll Rand has a proven track record of quality service and customer satisfaction. With installations worldwide that span numerous industries, our aftermarket team is committed to ensuring your centrifugal compressor and power equipment systems operate efficiently, reliably, and above all, profitably.

Our Houston facility is well equipped to provide the following services:

- Rotor balancing to API requirements
- Disassembly, cleaning and inspection
- Airend and complete package repairs
- Airend remanufacturing
- Overhauls and upgrades
- Extensive parts inventory

CARE Maintenance Programs | RELIABILITY FOR LIFE

Compressed air is critical to your operation. A proper maintenance strategy is crucial to avoiding unplanned, unbudgeted downtime and production interruptions. By choosing an Ingersoll Rand CARE maintenance service program — from full risk transfer to routine maintenance or parts coverage — you are investing in your future with a trusted global partner.

Through our PackageCARE and PlannedCARE programs, our service centers stock replacement parts, dispatch field service technicians to job site locations, and provide rapid turnaround on in-house repairs to keep your equipment running at peak efficiency.

Why Choose Ingersoll Rand Service Centers?

- Improved reliability
- OEM parts and expertise
- Reduced turnaround
- Quality work, competitive prices, maximum value
- Warranted work supported by Ingersoll Rand
